- HTML & CSS
- Bootstrap / Material UI
- JavaScript & TypeScript
- Redux / Zustand
- React.js
- Firebase
- Node.js
- MongoDB
- Express.js
- Git & GitHub

🔑 INTERESTS

- Cricket
- Web Series

📁 PROFESSIONAL EXPERIENCE

eMarket Experts ✖

Software Developer

08/2023 – 07/2025 | Vadodara

- **DAXRM** ✖, Previously worked at eMarket Experts, contributing to DAXRM, a product focused on solving complex SEO ranking challenges.
- Have 2 years of experience in Frontend Development using React.js, TypeScript and Material-UI.
- Worked on the DAXRM product, dashboard and different types of connectors such as FADS, FORG, Google Search Console, GADS, and GA4, and also handled technical support tasks.
- Collaborated with backend developers to integrate frontend components, enhancing product functionality.
- Identified and fixed UI crashes caused by empty or delayed API responses by adding defensive rendering logic, fallback components, and loading indicators.

📁 PROJECTS

Food Delivery Website ✖

- Developed a restaurant delivery platform with React (MUI) and Firebase (Auth + Realtime Database).
- Built two separate interfaces – Admin Panel for managing categories, recipes, and orders.
- User App for browsing, cart, and order placement. Implemented Firebase Authentication (REST API) for secure login, signup, and password reset.
- Designed CRUD operations for categories, recipes, and order management using Firebase Realtime DB.

Student Progress Tracker ✖

- **Tech Stack:** Using Material UI React.js, Firebase Realtime Database and for global state management Redux.
- A web application built for teachers to manage students, mark attendance, and track overall performance

Mail box Client ✖

- **Tech Stack:** React, Material-UI (MUI), JavaScript, Redux, Firebase (Authentication & Real-time Database)
- Created an email app with Firebase authentication, enabling sending, receiving, and management of emails.

Expense Tracker ✖

- **Tech Stack:** Bootstrap, JavaScript, React, Redux for state management, and Node.js with MongoDB for backend.
- I created an app tracking application with secure authentication, CRUD functionality for managing expenses, dynamic theme switching, and the ability to export expense data as an Excel report.

🎓 EDUCATION

Bachelor of Mechanical Engineering

ITM SLS Baroda Universe ✖

12th Higher Secondary Certificate

Gujarat Public School ✖
